BLOWzer X6

CORDLESS AIR DUSTER

TF-BZX6 USER MANUAL

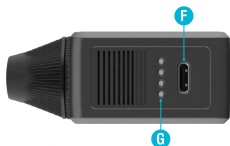

FEATURES

- Robust brushless motor generates speeds up to 130,000 RPM
- Maximum airflow velocity up to 45 meters per second
- Three powerful, adjustable speed modes: 40K, 80K, and 130K RPM
- Lightweight, compact, and cordless for total mobility
- High-speed USB-C charging with smart power management and auto-shutoff
- Designed for safe, efficient cleaning of cars, electronics, keyboards, workspaces, and more

PACKAGE CONTENTS

- Blowzer X6 Cordless Air Duster
- Interchangeable blowing nozzles
- Cleaning brushes
- USB Type-A to Type-C charging cable
- Durable carrying/storage bag

PRODUCT OVERVIEW

- A.** Air outlet/exhaust
- B.** Air inlet/intake
- C.** Speed indicator
- D.** Power and speed switch button
- E.** Start button
- F.** Charging port
- G.** Battery capacity indicator LEDs
- H.** Noozels

LED STATUS INDICATORS

Battery Indicator	Status
Lights flashing sequentially	Charging, indicates battery level
Full charge	All 4 lights displayed
Low battery	All 4 lights flashing
Battery level	Each light is 25%

SPECIFICATIONS

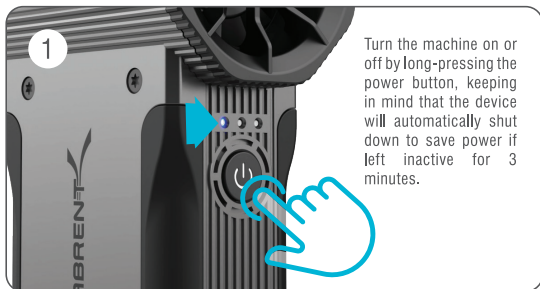

Model	Blowzer X6
Motor Speeds	40,000 – 80,000 – 130,000 RPM
Battery Capacity	4000mAh
Voltage	5V 3A
Battery Endurance	Up to 100 minutes at low speed
Noise Levels	69.6–86.6 dB(A)

PRECAUTIONS

- The Blowzer X6 is not a toy. Store out of reach of children and pets.
- Charge the Blowzer X6 before use and do not charge during use.
- Do not expose the product to liquids or submerge the product.
- Avoid damaging the charging cable through unnecessary bending, pulling, etc.
- Do not insert items, body parts, or hair into the Blowzer X6.
- Do not use the Blowzer X6 around flammable or harmful gases/vapors.

Note: The product will automatically shut down if overheated.

GETTING STARTED

FREQUENTLY ASKED QUESTIONS

Q. Is the Blowzer X6 safe for cleaning delicate electronics?

A. Yes. The compressed air output is completely dry and non-static generating, making it safe for keyboards, PC components, cameras, and other electronics. Always hold the nozzle at a safe distance to avoid damaging small parts. Avoid cleaning fans or hold blades in place while cleaning.

Q. What is the Blowzer X6's charging time?

A. At maximum charging speed, the Blowzer X6 can charge fully in 2.5 to 3 hours. Charging time may be affected by the wattage of the charger being used.

Q. What is the approximate battery life span of the Blowzer X6?

A. The battery is good for around 1000 hours of use.

Q. Can I use the Blowzer X6 while it is charging?

A. No. For safety and battery longevity, the Blowzer X6 should not be operated during charging. This could overheat the battery.

Q. Can I replace the battery?

A. For safety and performance reasons, the battery is not user-serviceable.
